Item Identification																											
PM1 Adjust fixed PV arrays	55° winter, 25° summer	2/year					Х												Х								
PM2 Lubricate trackers	zerk fittings	1/year											Х														
PM3 Lubricate front gate		1/year											х														
PM4 Lubricate garage doors		1/year											Х														
PM5 Check wind generator	tighten bolts, check shock	1/year											Х														
PM6 Clean pool filter		2/year	Х												Х												
PM7 Replace pool Nature2	change element when clean	2/year	Х												Х												
PM8 Fill cart batteries	with RO water	6/vear	Х				Х				Х				Х				Х				Х				
PM9 Fill tractor battery	with RO water	2/year							х														Х				
PM10 Lubricate PorchLift		1/year											Х														
PM11 Clean heat pump	Wanda's, use air on fins	2/year							х												х						
PM12 Clean heat pump filter	Wanda's,	4/year	Х						х						Х						х						
PM13 Clean geothermal filter	,	2/vear							х												х						
PM15 Floor heating backup	Turn on winter, off summer	2/year							х												х						
PM16 Drain irrigation lines	2 lines in electronicals	1/vear																					Х				
PM17 Shutters on solar panels	close summer, open winter	2/year											х						х								
PM18 Train house heat	route outside summer	2/year									Х										х						
PM19 Renewable energy meter	take & report readings (REC)	4/year	Х						х						Х						х						
PM20 Evaporative coolers	cover, uncover, clean, adjust	2/year									х										х
